Christmas Concert.

The Choir performs concerts about seven or eight times a year usually in churches where we find the size of the venue and the acoustic is most favourable. Generally these concerts are for charities or churches which wish to raise money. The two local Hospices – East Cheshire and St Ann's are supported nearly every year at our Annual Christmas Concert. Over the years the choir itself has raised and donated more than £50,000 to charity. If you know of organisations that wish to raise funds please pass on our name as we are taking bookings now for 2023. Anyone can contact us through our website or personally.
